

## Vendôme 5

Vendôme takes the best of what the professional audio and high fidelity sectors have to offer.

Thanks to its sleek design, Vendôme will blend seamlessly into any premium or high-end store, restaurant, lounge bar, music bar and hotel. Vendôme will also thrill music lovers with its acoustic qualities, including speed, transparency and natural reproduction.

The loudspeakers in the Vendôme range deliver the same reliability as pro audio products and are capable of operating at high output levels without any deterioration in quality.

Furthermore, they can be installed in any venue with their stylish and customisable design, whether blending into the scenery or specifically used as a decorative feature. Ultimately with the Vendôme range, loudspeakers no longer need to be hidden away out of sight.

You will be amazed by the Vendôme Five. There is nothing to suggest that its compact body and sleek appearance are capable of delivering such impressive performance.

In addition to its space-saving design and its ability to fit in anywhere, Vendôme Five achieves a stunning level of musical performance.

This discreet product is the ideal solution for creating a high-quality musical atmosphere in reasonably-sized areas. It can also be installed in larger venues in combination with the Vendôme Eight, which shares the same eye-catching build and sound quality.

Vendôme Five gives you the freedom to match the aesthetics of your loudspeakers with the interior design of your venue, meaning that you can create your own sound environment and your own visual identity.

### Finishes

Classic Series

Custom Shop

### Features

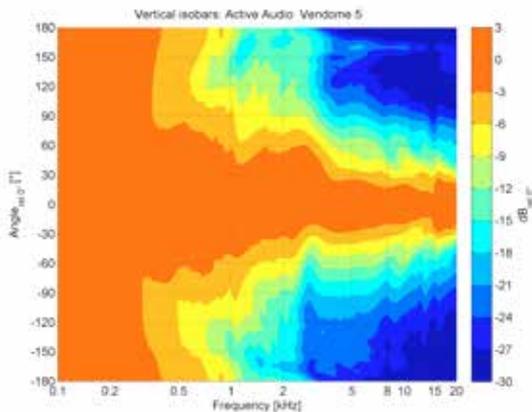

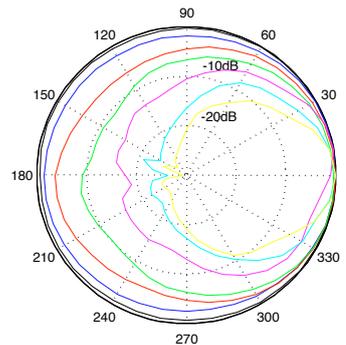

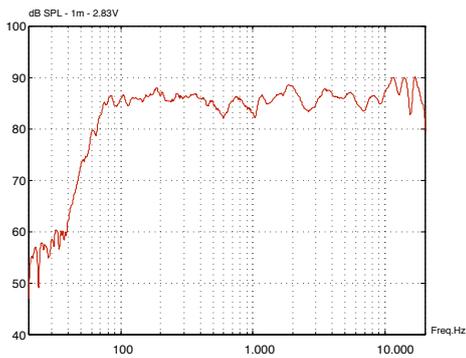

- Deep bass, sharp and dynamic sound
- Excellent visual integration
- Horizontal and vertical installation
- Processing with NUT processor
- 5-year warranty

### Main technical data

- Max SPL at 1m: 108dB
- Bandwidth: 60Hz - 20kHz
- Max power: 170W
- Nominal impedance: 8Ω

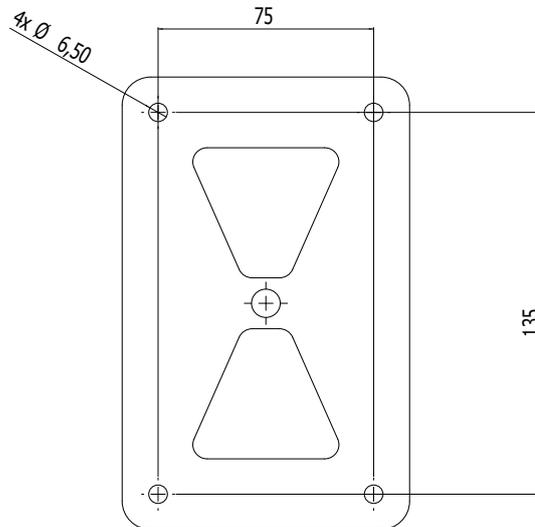

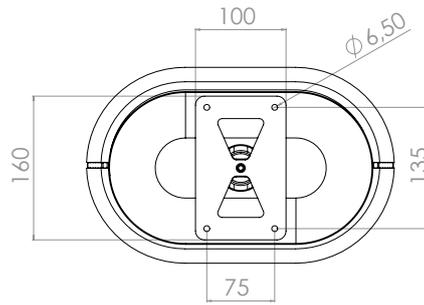

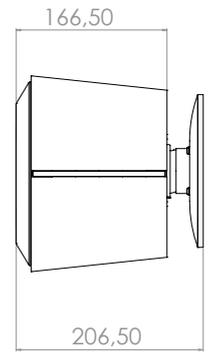

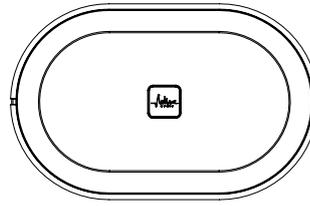

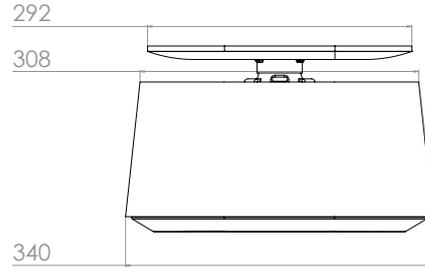

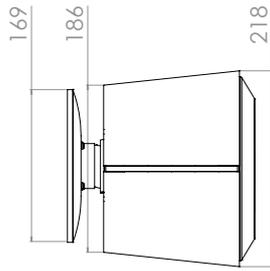

# Technical specifications

<b>Mechanical</b>	
Dimensions	34cm x 22cm x 17cm
Weight	4.4kg
Loudspeaker materials	Multiply wood
Standard finishes	Deep Black, Pure White and Natural
<b>Acoustical</b>	
Sensitivity	87dB / 1W / 1m
Max SPL at 1m	108dB
Frequency response at -10dB	60Hz - 20kHz
Directivity	1kHz: 190° / 190° 4kHz: 120° / 110°
Drivers	5" woofer + 1" compression
<b>Electrical</b>	
Nominal impedance	8Ω
Max long-term power handling	170W
Input connector	Euroblock chainable
<b>100V option</b>	
Transformer type	Toroidal
Single tap	50W
Max SPL at 1m	104dB
Frequency response	60Hz - 20kHz
Weight including 100V option	5.77kg

■ 125Hz ■ 250Hz ■ 500Hz ■ 1kHz ■ 2kHz ■ 4kHz ■ 8kHz
